## DoDEA Accelerated Withdraw

- “Accelerated Withdrawal for Dependents with Permanent Change of Station Orders,” permits principals to authorize the accelerated withdrawal of active-duty military and Department of Defense civilian dependent students from school 20 or fewer instructional days prior to the end of a semester.
- The 20-day limit provides reasonable flexibility without compromising academic standards or placing the student in an untenable position regarding mastery of curriculum content.
- The policy therefore requires verification of the date of sponsor’s departure, i.e., PCS or other official orders, to school officials to receive consideration for full academic credit.

The accelerated withdrawal dates for SY 2024-2025 are December 6, 2024 (First Semester) and May 12, 2025 (End of SY). Students must be in school all day on the last school day prior to the accelerated withdrawal date (December 5 and May 9, respectively).

**Accelerated withdraw allows a student to complete a semester prior to a PCS. Please work with the DoDEA Naples school site registrar to initiate.**
