

Naples Ghost Tour

During this unusual tour we are going ghost hunting! Visit 16th century Palazzo di Sangro in the heart of Naples where many apparitions and hauntings have been experienced. One of the most famous is that of Maria d'Avalos, wife of the prince of Venosa, Carlo Gesualdo. A nobleman and musical genius, Carlo Gesualdo was also known as an alleged madman! He brutally murdered and mutilated his wife Maria and her lover then had their bodies lain on the palace steps for all to see. Other hauntings were demons in the shape of animals and the "White Dame". A professional tour guide will take you through the palace sharing some of the darker side of Naples' ancient history.
